

Record Book Competition

Deadline: March 31, 2009

Sponsored by the Alberta Milk Producers

Members put countless hours into creating a neat, informative, accurate account of last year's dairy project. The record book competition helps teach members the importance of maintaining proper, well-organized information on their project animal. Each club had the option of submitting top record books per level (junior, intermediate, senior).

Dairy Jeopardy – Intermediate Sponsored by Cargill Animal Nutrition

This contest contains more excitement than the actual game show hosted by Alex Trebeck. Dairy Jeopardy is open to all intermediate delegates.

- Teams consist of four delegates.
- Questions will come from information in the dairy project books.
- Teams and schedule are determined by show organizers; teams will compete at least twice.
- Round will end after all 20 questions are answered or 20 minutes is used, whichever is first.
- The format will be identical to the TV game show; delegates will have categories to choose from with each question in that category worth a specified amount of points.

Dairy Team Challenge – Senior Sponsored by Westgen

Put your thinking caps on!! Senior delegates will be given the chance to apply knowledge that they have gained throughout years of working with dairy animals.

- Teams consist of four delegates; teams are determined by show organizers.
- Teams will be presented with a “problem” related to the dairy industry and must come up with the best solution in only 30 minutes.
- Teams will have 5 minutes each to present their solution to a panel of judges.
- Teams will be judged on a number of criteria, including how well they solved the problem, how well they worked as a team, etc.

Clipping Competition

Wednesday, 9:00 am (Staggered Start)

This competition is open to all delegates. Members must bring a halter broken unclipped calf; the calf should be washed and have only its head clipped prior to the competition. Rope halters must be used. The official judge will inspect the calves at 8:00, before the competition begins. Members will then have 2 hours to complete their clipping. Junior members may work in pairs; intermediate and senior members must work individually. At the end of 2 hours, the official judge will once again inspect the animals to determine the winners in each age category as well as the overall winner.

Judging Competition

Wednesday, 1:30 pm

All delegates compete in this competition, which consists of 3 classes of 6 dairy animals – two heifer classes and a milking cow class. Delegates will be allowed 15 minutes for placing each class. During the class, delegates are not to handle the animals nor confer with any other delegates, leaders, parents, or spectators. After each class, delegates shall appear individually before a judge and will be allowed 2 minutes for presenting oral reasons on each class.

An official will be appointed to judge each class and give the official placings. In the case of a tie between delegate scores, the team or individual scoring the highest number of points on reasons will be declared the winner. If the tie is still unbroken, the award will be given to the team or individual scoring the highest number of points on placing of the classes. The overall team score is determined by using the top 3 delegate scores from each club. Prizes are awarded to the top three individuals in each age category, the high overall individual in reasons, the high overall individual, and the high overall judging team.

Pencils and judging cards will be supplied. Bring your own clipboard.

Juniors – Judge two classes (one heifer class and the milking cow class) and will only give oral reasons on one class. Notes may be used while giving oral reasons.

Intermediates – Judge all three classes and give oral reasons on all three classes. Notes may be used while giving oral reasons.

Seniors - Judge all three classes and give oral reasons on all three classes. Points will be deducted if notes are used while giving oral reasons.

Dairy Quiz

Wednesday, 3:30 pm
Sponsored by Alta Genetics

Even on summer holidays you can't get away from quizzes! This quiz tests members on their general knowledge of dairy cows and the dairy industry. Questions were created from information found directly in the 4-H Dairy Project Books. The quiz covers topics such as general 4-H, safety, parts of the animal, medicines, equipment, feeds, pedigrees, different systems within the body, dairy breeds and calf care. Sharpen your pencils!
